[post RETRY]

(keep in mind I joined in 2016 and hit a big period of inactivity in early 2018, so like yeah. There might be stuff and/or people I'll reference that you won't know of, and there will undoubtedly be things I missed.)

-original Half-Human, Half-Animal RP (@Luna @Insanity @Gryffin @DragonElf @Llama @Creativescarlet16)
- Vesper was once PG
- I'm also pretty sure he was based too much off of Rollan from *Spirit Animals*, Rocket Raccoon from *Guardians of the Galaxy*, and Leo Valdez from *Heroes of Olympus*
- Yo Sasha was a cute ship (@DragonElf)
- Seraphina was my first OC. Sadly, I haven't used her much recently :(

-...I joined a Kung Fu Panda RP. Do not ask me why.

-Alone ~ A Hybrid RP (@Turquoise/turquoisedragon513 @Bengal/icetiger184 @Scientist/dragondrawing333 @Crystal/dragonpurple497 @Reading)
- lol this was my first RP. it was trash
- I remember Bengal joining with an OP character but you know what. It's okay we all had really bad OCs in that RP.
- Bengal didn't RP much though
- For some reason I have?? A good memory of most of the main RPers' usernames?
- My OCs were Snowmoon, Flounder, and Hawk. THEY WERE SO BAD

-T.A.A.N RP (@Eventide @Prism/Magenta @Nightmare)

- Blizfyre (@Nightmare) lol that was admittedly a fairly undeveloped ship mainly because Blizzard was fairly underdeveloped but we didn't care and wE mAdE iT woRk THERE WERE FANGIRLS AND FANART AND FANFICS AND EVERYTHING AND THEN *DRAMA*

-Troubled Love (@Nightmare) Forbidden love + love triangle type story. Cliché? Yes. Did anyone care? No.

-The Prince of the Sky and the Princess of the Sea (@Dawn) don't quote me on the title, but it was an ADORABLE Aukliff/Clifflet fanfic

-CFI (@Purple)
- I remember being shipped with a satyr?? For next to no reason except we almost ended up always fighting each other at data Points?
- DATA POINT BATTLES WERE EPIC
- Except I think AntiVirus outnumbered Virus on most threads
- For some reason I remember having a honey bottle as a weapon
- One time Aether sat next to a Data Point with a book, and I think it was late at night so almost no one else was on. Between the two of us, we won a Data Point for the Viruses.

-CFI Organic Hunger Games Simulator
- Purple would kill for a Saturn plushie. And she did. Multiple times (at least two people)
- There were a lot of dumb ways to die
- Crimson hit Eventide with a toy lightsaber. Eventide hit him with a *Harry Potter* book.
- Pianos fell from the sky because uh. Some forumer sponsored the pianos falling I guess
- Gryffin ate like. A thousand roses (#GryffinAteARose)
- A non-fire-breathing dragon became a fire-breathing dragon by swallowing a Tepig whole
- There was far too much Pokémon in it, considering that the simulator was written by someone who knew very little about Pokémon

-...gosh, there was some Forumer RP I can't remember the name of rn. I remember it was by Pep, and it followed a sort of "Walking Dead" zombie apocalypse plot.

-Fantasy Boarding School (@Luna)
- I had an OC named Jade, whose name was promptly made fun of

-Winged People RP 2nd Generation (@Luna @Gryffin @Mika)
- ...winged people.

-In seventh grade, I dabbed to help me remember where the accents went in Spanish.

-“Why aren't there more things about Wings of Fire on here?”

-Ten Days | Shipping RP (@Luna)
@Gryffin @Llama
- Ay-ay-ron is a peacock and takes credit for finding bread

-GvE in its early phases:
- Created by Ho.Otsie
- Started off with an "evil" /dark flipside
- Then people started making like. A "better" version of themselves Ig that became a new flipside?

-og ML
- For some reason, my non-ML OC Vesper interacted with ML OCs on GvE Chat
- I posted on the ML headcanons thread before joining
- Ferals lol we were so edgy
- ML INCORRECT QUOTES ARE ICONIC
- Oh hey I guess we apparently planned a civil war for ML

-“Awkward statement: I don't think dragons can physically kiss.”
- "I imagine they have hidden lips on the insides of their snouts." @Archangel/Tarasin
- "They lick each other." @Cleaver
- "*licks Winter* HE TASTES LIKE A POPSICLE" @Future
- "*imagines Darkstalker licking Clearslight* ...why brain. Why must you do this to me" @Cleaver
- "They rub their snouts together, like an eskimo kiss." (lol sorry can't remember who said this)
- "I WANT MY BABIES TO NUZZLE" @Ghost
- "This has got to be one of my all-time favorite threads on this site. It's a *journey*." @Clever (not to be confused with Cleaver)
- "This thread is making me uncomfortable..." @Oswin/Frisk/Chara/sorry can't remember your name rn
- "Ruby, your thread [referencing this thread] was locked." -Crafty, various months later on GvE chat.

-I JUST REALIZED I LOST MY RIPNAMI FANFIC BC I WROTE THAT IN 2016 NOOOO
- Storm (seawings53, I think) GAVE IT LIKE THE EQUIVALENT OF A 5-STAR REVIEW SO YAY
- Do I even really ship Ripnami anymore lol no I just want to see my old writing

-Moon Rising: The trollfic

[more to come, if the mods will let this through]

Who are we to wonder where we're going?

Who am I to tell me who I am?

Let's take it back, and take in every moment

Who am I, to tell me who I am?

So like I'm just gonna dump all my forum memories here

wolfdragon31316

Hey weren't you the author of the Starflight/Sunny/Starspeaker fanfic?

2025 stars.

"**don't** ~~*cry*~~ because it's ~~over~~. *smile* because it **happened**."

No words can describe how much I loved the WoFMB.

And no words will describe how sad it is to leave.

↤can i say i love you all? ↦
